

MAY 2025

# Private Foundation Grants to Support Rheumatology Research in the United States

PREPARED BY

**Rheumatology Research Foundation**

# Thank you to the following organizations for providing data to be included in this list:

- 1 Arthritis Foundation
- 2 Arthritis National Research Foundation
- 3 CARRA
- 4 Lupus Foundation of America
- 5 Lupus Research Alliance
- 6 National Scleroderma Foundation
- 7 Rheumatology Research Foundation

NOTE: Information contained in this document is subject to change. Always check the organization's website for the most up-to-date details.

If any funders want to add to or edit this list, please email [foundation@rheumatology.org](mailto:foundation@rheumatology.org)

# Arthritis Foundation

---

## Award Category

Research

## Award Name

2025 Patient Reported Outcomes (PROs)

## Award Purpose

The Arthritis Foundation invites hypothesis driven research proposals that seek to advance the use of existing, validated PROs in shared decision making during arthritis clinical care.

## Award Term

2 years

## Maximum Award Amount

\$235,000

## Target Audience

Established Investigators

More Info:

<https://www.arthritis.org/science/current-science-events>

# Arthritis Foundation

---

## Award Category

Research

## Award Name

2025 FastOA Cohorts

## Award Purpose

The goal of this RFP is to identify patient groups with risk of accelerated osteoarthritis (OA) of the hip and to define concepts for future clinical studies focused on those cohorts.

## Award Term

2 years

## Maximum Award Amount

\$250,000

## Target Audience

Established Investigators

More Info:

<https://www.arthritis.org/science/current-science-events>

# Arthritis Foundation

---

## Award Category

Research

## Award Name

2025 Healthcare Access & Health Outcomes

## Award Purpose

This program provides seed funding to support innovative and impactful research projects intended to identify or test interventions to improve healthcare access and health outcomes for populations and communities where access and outcomes are not up to the highest standards.

## Award Term

2 years

## Maximum Award Amount

\$85,000

## Target Audience

Established Investigators

More Info:

<https://www.arthritis.org/science/current-science-events>

# Arthritis Foundation

---

## Award Category

Research

## Award Name

2025 AF-AOSSM Shoulder Arthritis Think Tank Research Program

## Award Purpose

This RFP invites applications for investigator-initiated clinical research proposals to study interventions to stop or slow the development and progression of osteoarthritis (OA) related to shoulder pathology.

## Award Term

3 years

## Maximum Award Amount

\$500,000

## Target Audience

Established Investigators

More Info:

<https://www.arthritis.org/science/current-science-events>

# Arthritis Foundation

---

## Award Category

Research/Career Development

## Award Name

2025 Rheumatoid Arthritis Research

## Award Purpose

This Request for Proposals invites applications that seek to better understand and predict the development, progression, and treatment response of RA.

## Award Term

2 - 3 years

## Maximum Award Amount

\$150k over 2 years or \$450k over 3 years

## Target Audience

Early-Career Investigator, Junior Investigator

More Info:

<https://www.arthritis.org/science/current-science-events>

# Arthritis National Research Foundation

---

## Award Category

Research

## Award Name

Rheum for Kids: Pediatric Joint and Skin Disease Research Grant

## Award Purpose

Offered in collaboration with PeDRA, the Rheum for Kids: Pediatric Skin and Joint Grant supports early-career researchers studying pediatric joint and skin diseases

## Award Term

1 year

## Maximum Award Amount

\$50,000

## Target Audience

Early-Career Investigator

More Info:

<https://curearthritis.org/research-grants/>

# Arthritis National Research Foundation

---

## Award Category

Research

## Award Name

Arthritis and Related Autoimmune Disease Research Grant

## Award Purpose

This grant aims to provide funding to early career researchers focusing on arthritis or related autoimmune disease.

## Award Term

2 year

## Maximum Award Amount

\$250,000

## Target Audience

Early-Career Investigator

More Info:  
<https://curearthritis.org/research-grants/>

# Arthritis National Research Foundation

---

## Award Category

Research

## Award Name

Arthritis and Related Autoimmune Disease Research Grant

## Award Purpose

This grant aims to provide funding to early career researchers focusing on arthritis or related autoimmune disease.

## Award Term

2 year

## Maximum Award Amount

\$250,000

## Target Audience

Early-Career Investigator

More Info:

<https://curearthritis.org/research-grants/>

# Arthritis National Research Foundation

---

## Award Category

Research

## Award Name

Psoriatic Arthritis Research Grant

## Award Purpose

This grant aims to provide funding to early career researchers focusing on psoriatic arthritis or it's underlying mechanisms

## Award Term

2 year

## Maximum Award Amount

\$250,000

## Target Audience

Early-Career Investigator

More Info:

<https://curearthritis.org/research-grants/>

# Arthritis National Research Foundation

---

## Award Category

Research/Career Development

## Award Name

Postdoctoral Research Fellowship

## Award Purpose

This grant aims to provide financial support to postdoctoral physician-scientists interested in pursuing a career studying arthritis and/or related autoimmune disease

## Award Term

1 year

## Maximum Award Amount

\$50,000

## Target Audience

Fellow in Training /Junior Investigator

More Info:

<https://curearthritis.org/research-grants/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

Bridge

## Award Name

Bridge Award

## Award Purpose

Supports primary investigators who have submitted a K- (career development) or R-equivalent (investigator-initiated) application to the NIH or similar funding body, received a funding decision, were not funded but received a priority score, summary statement, and funding decision, and intend to resubmit the revised application within the next 12-18 months. Preference will be given to applicants who have submitted a K-equivalent.

Intended for PIs who have submitted a K- or R-equivalent application to the NIH or similar funding body and were not funded but received a priority score; preference given to applicants who have submitted a K-equivalent application.

## Award Term

1 - 1.5 years

## Maximum Award Amount

\$125,000

## Target Audience

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

Career Development Award

## Award Name

Mentored Career Development Award

## Award Purpose

Supports an Early Investigator who demonstrates a clear track record and commitment to developing an independent research career in pediatric rheumatology.

## Award Term

3 years

## Maximum Award Amount

\$375,000

## Target Audience

Early Investigators

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

Fellow

## Award Name

Fellows Grant

## Award Purpose

Supports fellows with a project that extends, enhances or is distinct from their primary scholarly project

## Award Term

1 year

## Maximum Award Amount

\$25,000

## Target Audience

3<sup>rd</sup> Year Fellows

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

Travel

## Award Name

PReS Travel Award

## Award Purpose

Support Early Investigator travel to present at the PReS Annual Meeting.

## Award Term

1 week

## Maximum Award Amount

\$2,000

## Target Audience

Early Investigators

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

Travel

## Award Name

Utrecht Travel Award

## Award Purpose

Support Early Investigator travel to the Utrecht Translational Research Summer Program.

## Award Term

1 week

## Maximum Award Amount

\$2,000

## Target Audience

Early Investigators

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

**Award Category**

**Award Name**

Small Grant

**Award Purpose**

Support research projects in development

**Award Term**

1 year

**Maximum Award Amount**

\$50,000

**Target Audience**

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

**Award Category**

**Award Name**

Clinical Management of JIA Grant

**Award Purpose**

Supports a retrospective study of existing CARRA Registry data that directly addresses an impactful clinical treatment decision in the management of JIA.

**Award Term**

2 years

**Maximum Award Amount**

\$100,000

**Target Audience**

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

**Award Category**

**Award Name**

Advancing Biosample Collection Award

**Award Purpose**

Supports biosample collection within the CARRA network to advance translational research.

**Award Term**

2 years

**Maximum Award Amount**

\$50,000

**Target Audience**

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

**Award Category**

**Award Name**

Team Science Planning Grant

**Award Purpose**

Supports pilot research for multi-investigator, multi-disciplinary work.

**Award Term**

1 year

**Maximum Award Amount**

\$100,000

**Target Audience**

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

## Award Name

Large Grant

## Award Purpose

Supports research prioritized by a CARRA committee that further the CARRA mission, including projects focused on revising and updating consensus treatment plans.

## Award Term

2 years

## Maximum Award Amount

\$100,000

## Target Audience

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Childhood Arthritis and Rheumatology Research Alliance (CARRA)

---

## Award Category

## Award Name

Pilot JIA Translational Research Grant

## Award Purpose

Supports research that utilizes the CARRA Registry and/or biorepository and is intended to address promising new JIA projects and/or pursue novel ideas in basic, clinical, and translational JIA research that will provide preliminary data for future grant applications from other agencies and programs.

## Award Term

2 years

## Maximum Award Amount

\$175,000

## Target Audience

More Info:

<https://carragroup.org/research/grant-opportunities/>

# Lupus Foundation of America

---

## Award Category

Career Development

## Award Name

Gary S. Gilkeson Career Development Award (3-4)

## Award Purpose

To facilitate the professional career development of rheumatology, nephrology, and dermatology fellows as well as postdoctoral fellows who are conducting lupus research in the U.S. and Canada.

## Award Term

2 years

## Maximum Award Amount

\$140,000

## Target Audience

Early-Career Investigator

More Info:

[https://www.lupus.org/research/apply-for-funding\\_](https://www.lupus.org/research/apply-for-funding_)

# Lupus Foundation of America

---

## Award Category

Recruitment

## Award Name

Gina M. Finzi Memorial Student Summer Fellowship (6)

## Award Purpose

To foster an interest among students in the areas of basic, clinical, translational, epidemiological, or behavioral research relevant to lupus.

## Award Term

10 weeks

## Maximum Award Amount

\$4,000

## Target Audience

Students

More Info:

[https://www.lupus.org/research/apply-for-funding\\_](https://www.lupus.org/research/apply-for-funding_)

# Lupus Foundation of America

---

## Award Category

Research

## Award Name

Pediatric Lupus Research Grant (2)

## Award Purpose

To provide pilot funding for a new project or research idea focused on pediatric systemic lupus erythematosus (SLE).

## Award Term

1 year

## Maximum Award Amount

\$45,000

## Target Audience

Established Investigator

More Info:

[https://www.lupus.org/research/apply-for-funding\\_](https://www.lupus.org/research/apply-for-funding_)

# Lupus Research Alliance

---

## Award Category

Career Development

## Award Name

Empowering Lupus Research Administrative Supplement

## Award Purpose

Supports highly qualified and promising predoctoral and postdoctoral trainees working on research aligned with an active LRA parent award or lupus research-focused NIH, DOD, or equivalent award in good standing.

## Award Term

2 years

## Maximum Award Amount

\$30,000

## Target Audience

Predoctoral and postdoctoral students working on lupus research

More Info:

<https://www.lupusresearch.org/for-researchers/funding-opportunities/>

# Lupus Research Alliance

---

## Award Category

Innovative Research

## Award Name

Global Team Science Award

## Award Purpose

Supports multi-disciplinary teams conducting collaborative and highly synergistic projects focused on unravelling human lupus heterogeneity using cutting-edge technologies.

## Award Term

3 years

## Maximum Award Amount

\$3,000,000

## Target Audience

Multi-disciplinary Teams

More Info:

<https://www.lupusresearch.org/for-researchers/funding-opportunities/>

# Lupus Research Alliance

---

## Award Category

Innovative Research

## Award Name

Lupus Innovation Award

## Award Purpose

Supports pioneering, high-risk, high-reward approaches to major challenges in lupus research.

## Award Term

2 Years (up to 3 Years for Early Stage Investigators)

## Maximum Award Amount

\$300,000 (up to \$450,000 for ESIs)

## Target Audience

Early Stage and Established Investigators

More Info:

<https://www.lupusresearch.org/for-researchers/funding-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Career Development

## Award Name

Pre-Doctoral Fellowship Awards

## Award Purpose

The Pre-Doctoral Summer Fellowship Award Program encourages and fosters the next generation of researchers by cultivating interest in the cause and cure of scleroderma under the mentorship of an established scleroderma researcher. The funds can be used to support the student's research project, defray tuition costs, housing, books, or travel/registration to scientific meetings.

## Award Term

One time payment to award recipient

## Maximum Award Amount

\$2,000

## Target Audience

Current graduate student in an accredited doctoral (PhD) program in the U.S

More Info:

<https://scleroderma.org/mentor-programs/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

Debra Lurvey Memorial Research Grant

## Award Purpose

The Debra Lurvey Memorial Research Grant was established in 2021. The grant is presented every other year to an established researcher focusing on scleroderma-related lung research. The priority focus of the award is lung-related research; however, in the event that no lung-related proposal scores high enough in the peer-review process, the grant may be awarded to research focusing on scleroderma-related cardiovascular complication. The \$200,000 award is for a two-year commitment.

## Award Term

2 years

## Maximum Award Amount

\$200,000

## Target Audience

Established investigators

More Info:

<https://scleroderma.org/grant-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

The Marta Marx Fund for the Eradication of Scleroderma

## Award Purpose

The Foundation has designated the Marta Marx Fund for the Eradication of Scleroderma Award to be presented to a recipient of a research grant whose score ranks among the top two scored proposals.

## Award Term

2 or 3 years

## Maximum Award Amount

\$200,000

## Target Audience

New and established investigators

More Info:

<https://scleroderma.org/grant-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

The Mark Flapan Award

## Award Purpose

The Mark Flapan Award is presented annually to a scleroderma researcher whose proposal for a research grant is ranked highly by the Peer Review Committee of the National Scleroderma Foundation. Along with the Marta Marx Eradication of Scleroderma Award, the Flapan Award is one of the two highest ranking grant proposals as scored by the committee.

## Award Term

2 or 3 years

## Maximum Award Amount

\$200,000

## Target Audience

New and established investigators

More Info:

<https://scleroderma.org/grant-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

Established Investigator Grant

## Award Purpose

The National Scleroderma Foundation seeks applications from promising established investigators both inside and outside the field of scleroderma research who wish to propose pilot studies to obtain preliminary data dealing with a highly innovative and/or highly relevant theme related to the disease. This grant will support pilot research that is likely to lead to more substantial unlimited research project grants from federal or non-federal sources.

## Award Term

2 years

## Maximum Award Amount

\$200,000

## Target Audience

The Established Investigator Grant is designed to facilitate highly innovative or highly relevant and meritorious pilot projects by established investigators in areas of research related to scleroderma that will culminate in more substantial funding from

More Info:

<https://scleroderma.org/grant-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

New Investigator Grant

## Award Purpose

The National Scleroderma Foundation seeks applications from promising new investigators who hold faculty or equivalent positions and who wish to pursue a career in research related to scleroderma. This grant supports promising research that is likely to lead to individual research project grants.

## Award Term

3 years

## Maximum Award Amount

\$200,000

## Target Audience

The New Investigator Grant is designed to facilitate the entry of promising new investigators into areas of research related to scleroderma.

More Info:

<https://scleroderma.org/grant-opportunities/>

# National Scleroderma Foundation

---

## Award Category

Research

## Award Name

Walter and Marie Coyle Research Grant

## Award Purpose

The Walter and Marie Coyle Research Grant is to be presented to a recipient of a research grant whose score ranks among the highest scored proposals.

## Award Term

2 or 3 years

## Maximum Award Amount

\$200,000

## Target Audience

New and established investigators

More Info:

<https://scleroderma.org/grant-opportunities/>

# Rheumatology Research Foundation

---

## Award Category

Career Development

## Award Name

Career Development Bridge Funding Award: R Bridge

## Award Purpose

The purpose of this award is to provide funding to NIH R01, VA Research Career Scientist (RCS) or Merit Award applicants whose application received a priority score but was not funded, and who are at risk of running out of research support.

## Award Term

2 years

## Maximum Award Amount

\$200,000

## Target Audience

Physician Scientists and Health Professional Researchers

More Info:

<https://www.rheumresearch.org/career-development-research-awards#RBridge>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Research

## Award Name

Career Development Bridge Funding Award: K Supplement

## Award Purpose

This award is designed to address the needs of these investigators and serve as a supplement to the NIH individual K series, VA CDA, or equivalent 4- or 5-year award mechanism. Applicants should propose a new project or expansion of their career development award that demonstrates growth of the aims of the initial award and an independent direction for the investigator leading to the submission of an R award or equivalent.

## Award Term

2 years

## Maximum Award Amount

\$100,000

## Target Audience

Early- and Mid-Career Physicians and Health Professionals

More Info:

<https://www.rheumresearch.org/career-development-research-awards#Ksupp>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Research

## Award Name

Career Development Bridge Funding Award: K Bridge

## Award Purpose

The purpose of this award is to provide bridge funding for promising investigators as they are revising outstanding individual career development award applications (i.e., applications for NIH K series awards, VA CDA-2 awards, or any equivalent career development awards). Through this bridge funding award, the Foundation will support junior faculty members so that they have the highest likelihood of achieving success in obtaining longer term career development awards

## Award Term

1 years

## Maximum Award Amount

\$75,000

## Target Audience

Early- and Mid-Career Physicians and Health Professionals

More Info:

<https://www.rheumresearch.org/career-development-research-awards#KBridge>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Research

## Award Name

Scientist Development Award

## Award Purpose

This award is designed for individuals in the early stages of their career, typically Fellows, including those without significant research experience who plan to embark on careers in rheumatic disease research. The purpose of this award is to provide a structured research training program for rheumatologists or health professionals in the field of rheumatology.

## Award Term

2-3 years

## Maximum Award Amount

Up to \$225,000

## Target Audience

Fellows, Early-Career Physicians and Health Professionals

More Info:

<https://www.rheumresearch.org/career-development-research-awards#SDA>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Research

## Award Name

Investigator Award

## Award Purpose

This award is intended to support early-stage investigators with a faculty appointment during the period that they are developing a project that will be competitive for NIH and/or equivalent funding. It is not intended to be a second postdoctoral fellowship. The purpose is to provide support for basic science, translational, and clinical investigators engaged in research relevant to the rheumatic diseases for the period between the completion of post-doctorate fellowship training and establishment as an independent investigator

## Award Term

3 years

## Maximum Award Amount

\$375,000

## Target Audience

Early- and Mid-Career Physicians and Health Professionals

More Info:

<https://www.rheumresearch.org/career-development-research-awards#IA>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Travel

## Award Name

The Marshall J. Schiff, MD Memorial Fellow Research Award was established with the aim of supporting outstanding scholarship in the field of rheumatology research and to recognize and celebrate fellows presenting an abstract at ACR Convergence.

## Award Purpose

This award is intended to support early-stage investigators with a faculty appointment during the period that they are developing a project that will be competitive for NIH and/or equivalent funding. It is not intended to be a second postdoctoral fellowship. The purpose is to provide support for basic science, translational, and clinical investigators engaged in research relevant to the rheumatic diseases for the period between the completion of post-doctorate fellowship training and establishment as an independent investigator

## Award Term

1 year

## Maximum Award Amount

\$1,500 award and \$1,000 to travel to the national conference

## Target Audience

Fellows

More Info:

<https://www.rheumresearch.org/acr-convergence-awards#MJS>

# Rheumatology Research Foundation

---

## Award Category

Career Development/Travel

## Award Name

Pediatric Rheumatology Fellow Research Award

## Award Purpose

The purpose of this award is to recognize outstanding scientific abstracts submitted by pediatric rheumatology fellows to ACR Convergence.

## Award Term

1 year

## Maximum Award Amount

\$1,500 award and \$1,000 to travel to the national conference

## Target Audience

Pediatric Fellows

More Info:

<https://www.rheumresearch.org/acr-convergence-awards#PRF>

# Rheumatology Research Foundation

---

## Award Category

Education & Training

## Award Name

Clinician Scholar Educator Award

## Award Purpose

The purpose of the Clinician Scholar Educator (CSE) Award is to enhance education in rheumatic and musculoskeletal diseases for future doctors and rheumatology health professionals. Recipients of the award have demonstrated that they want to develop a career in education and are devoted to providing effective and efficient training. Recipients of the CSE Award devote themselves to developing products and processes using new technologies and methods to better train future rheumatologists.

## Award Term

3 years

## Maximum Award Amount

\$210,000

## Target Audience

Clinician Scholars/ Academia (career level-open)

More Info:

<https://www.rheumresearch.org/education-and-training-awards#CSE>

# Rheumatology Research Foundation

---

## Award Category

Education & Training

## Award Name

Mentored Nurse Practitioner/Physician Assistant Award for Workforce Expansion

## Award Purpose

The purpose of the Mentored Nurse Practitioner/Physician Assistant (NP/PA) Award for Workforce Expansion is to increase the supply of rheumatology healthcare providers to better meet the needs of people with rheumatic diseases across the United States, particularly in geographically underserved areas. This award provides resources and the framework of knowledge, skills, and attitudes needed by NP/PAs, new to rheumatology, to facilitate their integration into a rheumatology practice under the supervision of a rheumatologist.

## Award Term

1 year

## Maximum Award Amount

\$25,000

## Target Audience

Clinician (Mentor)/ Nurse Practitioner or Physician Assistant (Mentee)

More Info:

<https://www.rheumresearch.org/education-and-training-awards#MNP>

# Rheumatology Research Foundation

---

## Award Category

Education & Training

## Award Name

Fellowship Training Award

## Award Purpose

The purpose of this award is to help ensure an adequate supply of (a) rheumatology providers meeting the needs of children and adults with rheumatic diseases in all areas of the country and (b) rheumatology educators and investigators to train future clinicians and advance research in rheumatic and musculoskeletal diseases. The Fellowship Training Award may be used to support the salary of any fellow in an ACGME-accredited rheumatology fellowship training program.

## Award Term

2-3 years

## Maximum Award Amount

\$100,000/\$150,000

## Target Audience

ACGME-accredited Rheumatology Fellowship Program

More Info:

<https://www.rheumresearch.org/education-and-training-awards#FTA>

# Rheumatology Research Foundation

---

## Award Category

Education & Training

## Award Name

Health Professional Online Education Grant

## Award Purpose

The purpose of this award is to increase the knowledge and skills of non-physician rheumatology health professionals to meet the needs of a growing rheumatology patient population by reimbursing the cost of registration for the Advanced Rheumatology Course. Additional information about this course can be found on the ACR's website at: Health Professional Education.

## Award Term

1 year

## Maximum Award Amount

\$1,999

## Target Audience

Health Professionals

More Info:

<https://www.rheumresearch.org/education-and-training-awards#HPOEG>

# Rheumatology Research Foundation

---

## Award Category

Education & Training

## Award Name

Fellowship Training Award for Workforce Expansion

## Award Purpose

The purpose of this workforce expansion award is to help ensure an adequate supply of rheumatology providers meeting the needs of children and adults with rheumatic diseases in all areas of the country, particularly those currently underserved. The Fellowship Training Award for Workforce Expansion may be used to support the salary of any fellow in an ACGME-accredited rheumatology fellowship training program.

## Award Term

2-3 years

## Maximum Award Amount

\$100,000/\$150,000

## Target Audience

ACGME-accredited Rheumatology Fellowship Program (creating new slot, new ACGME-accredited program or slot gone unfilled) ACGME-accredited Rheumatology Fellowship Program

More Info:

<https://www.rheumresearch.org/education-and-training-awards#FTAWF>

# Rheumatology Research Foundation

---

## Award Category

Innovative Research

## Award Name

Innovative Research Award

## Award Purpose

The Innovative Research Award provides independent academic investigators with the funding they need to pursue ideas that could lead to important breakthroughs in discovering new treatments and, one day, a cure for rheumatic diseases. This award provides essential support for innovative studies focused on generating new insights into the cause, progression, treatment, and outcomes of rheumatic and musculoskeletal diseases.

## Award Term

2 years

## Maximum Award Amount

\$400,000

## Target Audience

Physician Scientists, Health Professional Researchers and Clinicians

More Info:

<https://www.rheumresearch.org/innovative-research-award>

# Rheumatology Research Foundation

---

## Award Category

Innovative Research

## Award Name

Community Practice Innovation Award

## Award Purpose

The Innovative Research Award provides independent academic investigators with the funding they need to pursue ideas that could lead to important breakthroughs in discovering new treatments and, one day, a cure for rheumatic diseases. This award provides essential support for innovative studies focused on generating new insights into the cause, progression, treatment, and outcomes of rheumatic and musculoskeletal diseases.

## Award Term

1 year

## Maximum Award Amount

Up to \$80,000

## Target Audience

Physician Scientists, Health Professional Researchers and Clinicians

More Info:

<https://www.rheumresearch.org/innovative-research-award>

# Rheumatology Research Foundation

---

## Award Category

Recruitment

## Award Name

Pediatric Visiting Professorship

## Award Purpose

The purpose of the Pediatric Visiting Professorship is to support a 2 to 3 day in-person or virtual pediatric rheumatology educational forum directed at clinicians and trainees involved in the care of children, and to provide pediatric rheumatology exposure to medical students, residents, and fellows at institutions where there is no pediatric rheumatology program.

## Award Term

1 year

## Maximum Award Amount

\$1,500 or \$2,000

## Target Audience

Board Certified Pediatric Rheumatologist

More Info:

<https://www.rheumresearch.org/education-and-training-awards#PVP>

# Rheumatology Research Foundation

---

## Award Category

Recruitment

## Award Name

Resident Research Preceptorship

## Award Purpose

The purpose of this Resident Research Preceptorship is to introduce residents to the specialty of rheumatology by supporting a full-time research experience, with the goal of attracting promising physicians to develop an investigative career in the field of rheumatology.

## Award Term

3 months

## Maximum Award Amount

\$15,000

## Target Audience

Residents

More Info:

<https://www.rheumresearch.org/preceptorships#RRP>

# Rheumatology Research Foundation

---

## Award Category

Recruitment

## Award Name

Lawren H. Daltroy Preceptorship in Health Communication

## Award Purpose

This award provides resources to support the training, career development, and/or enhancement of research skills of researchers and clinicians. Eligible candidates for this mentored award include trainees, junior researchers or health professionals with no current or prior R01 or R01-equivalent funding.

## Award Term

1 year

## Maximum Award Amount

\$15,000

## Target Audience

Researchers and Clinicians, with no current or prior R01 or R01-equivalent funding
